Food Allergies in Early Life

This is a unique opportunity to hear from some of Australia’s finest practitioners and researchers, and have your questions about food allergies in early life answered.

Does the food a pregnant woman eat have a role in preventing or causing allergy in her child?

Will my child outgrow his/her food allergy?

What is the difference between food allergy and food intolerance?

Date: Wednesday 3 September 2014
Time: 6.00 - 7.30pm (doors open from 5.30pm)
Venue: Marion Cultural Centre
287 Diagonal Road
Oaklands Park SA 5046
