4.1.3 Exception in relation to employee records: Under the Privacy Act the Australian Privacy Principles do not apply to an employee record. As a result, this Privacy Policy does not apply to The College treatment of an employee record, where the treatment is directly related to a current or former employment relationship between the College and the employee.

4.2 How will The College use the personal information you provide?

The College will use personal information it collects from you for the primary purpose of collection, and for such other secondary purposes that are related to the primary purpose of collection and reasonably expected, or to which you have consented.

4.3 Students and Parents: In relation to personal information of students and Parents, the College's primary purpose of collection is to enable the College to provide schooling for the student. This includes satisfying the needs of Parents, the needs of the student and the needs of the College throughout the whole period the student is enrolled at the College.

4.5 Volunteers: The College also obtains personal information about volunteers who assist the College in its functions or conduct associated activities, such as to enable the College and the volunteers to work together.

4.6 Marketing and fundraising: The College treats marketing and seeking donations for the future growth and development of the College as an important part of ensuring that the College continues to enable a quality learning environment in schools in which both students and staff thrive. Personal information held by the College may be disclosed to an organisation that assists in College fundraising.

Parents, staff, contractors and other members of the wider community may from time to time receive fundraising information. College publications, like newsletters and magazines, which include personal information, may be used for marketing purposes.

4.7.1 Sending information overseas: The College may disclose personal information about an individual to overseas recipients, for instance, when storing personal information with 'cloud' service providers which are situated outside Australia. However, The College will not send personal information about an individual outside Australia without:

- obtaining the consent of the individual (in some cases this consent will be implied); or
- otherwise complying with the Australian Privacy Principles or other applicable privacy legislation.

4.9 How does the College treat sensitive information?

In referring to 'sensitive information', the College means: information relating to a person's racial or ethnic origin, political opinions, religion, trade union or other professional or trade association membership, philosophical beliefs, sexual orientation or practices or criminal record, that is also personal information; health information and biometric information about an individual.

Sensitive information will be used and disclosed only for the purpose for which it was provided or a directly related secondary purpose, unless you agree otherwise, or the use or disclosure of the sensitive information is allowed by law.

4.10 Management and security of personal information

The College's staff are required to respect the confidentiality of students' and Parents' personal information and the privacy of individuals.

The College has in place steps to protect the personal information held from misuse, interference and loss, unauthorised access, modification or disclosure by use of various methods including locked storage of paper records and password access rights to computerised records.

4.11 Access and correction of personal information

Under the Commonwealth Privacy Act, an individual has the right to obtain access to any personal information which the College holds about them and to advise the College of any perceived inaccuracy. There are some exceptions to this right set out in the Act. Students will generally be able to access and update their personal information through their Parents, but older students may seek access and correction themselves.

There are some exceptions to these rights set out in the applicable legislation. To make a request to access or update any personal information the College holds about you or your child, please contact the Principal in writing.

The College may require you to verify your identity and specify what information you require. The College may charge a fee to cover the cost of verifying your application and locating, retrieving, reviewing and copying any material requested. If the information sought is extensive, the College will advise the likely cost in advance. If we cannot provide you with access to that information, we will provide you with written notice explaining the reasons for refusal.

4.12 Consent and rights of access to the personal information of students

The College respects every Parent's right to make decisions concerning their child's education. Generally, the College will refer any requests for consent and notices in relation to the personal information of a student to the student's Parents. The College will treat consent given by Parents as consent given on behalf of the student, and notice to Parents will act as notice given to the student.

As mentioned above, parents may seek access to personal information held by the College about them or their child by contacting the Principal. However, there will be occasions when access is denied. Such occasions would include where release of the information would have an unreasonable impact on the privacy of others, or where the release may result in a breach of the College's duty of care to the student.

The College may, at its discretion, on the request of a student grant that student access to information held by the College about them, or allow a student to give or withhold consent to the use of their personal information, independently of their Parents. This would normally be done only when the maturity of the student and/or the student's personal circumstances so warranted.
