A STRATEGIC FRAMEWORK GUIDED BY LORETO VALUES

At Loreto College, Marryatville, we are committed to empowering the next generation of young women and leaders. Founded in the Mary Ward tradition, we are an independent Catholic school that strives to inspire, educate, and develop girls and young people who are strong, passionate, and confident - ready to contribute positively to the world around them.

Our strategic plan for 2025-2027 is our roadmap for fostering a dynamic and inclusive learning environment, where academic excellence and character development are mutually dependent. Through a focus on optimising learning experiences, committing to exceptional teaching practices, and enriching formation, we aim to cultivate a school community that is engaged, strong, and prepared for an ever-evolving world.

This 3-year vision also reinforces connections within our community, nurturing leadership, and ensuring strong governance, while promoting a culture of innovation, respect, and justice. As we continue to evolve, we are guided by our core values of freedom, justice, sincerity, verity, and felicity, which inspire every aspect of our work.

Together, we will build on our proud legacy, providing our students with the tools they need to thrive academically, spiritually, and personally, now and into the future.
